

## **WHY?**

**Because it will help students to take advantage of their time and arrive early home or sleep more. It will also benefit teachers because they wouldn't have to take care of the students and also use better their time**

## **WHAT?**

**Let students of 1º and 2º ESO go home when the teacher of the last hour doesn't come and tell them when the teacher of the first period doesn't come so they can arrive later as high level students do!**

## **Who?**

**Students would help to create a program that the teachers would use to send an email telling at what time we can come later and if the teacher doesn't come in the last hour we could go home without the teachers sayind anything**

**NO  
TEACHERS  
NO  
STUDENTS**
